World News Scene

EVERY MONTH

Until Dec. '79.

~~Cosmology~~ CNK is now fully International using where possible the languages of the European community and some others. As we are inexperienced in some translating, errors will occur, but, we do so to bring the NEWS-not the errors.

I N T R O D U C T I O N -Editor.

Cosmology is the science of the Universe as a whole; a treatise on the structure and parts of the system of creation. Our title was formulated because of the need to fit into the scheme, all of earth's mysteries, and hopefully to find some answers to them. CNK then has accomplished its mission.

ITALIA

La Cosmologia è la scienza dell' Universo, in relazione alle teorie sulla Creazione. Il titolo "COSMOLOGY NEWSLINK" è nato dalla necessità di collaudo egamento potrebbero scaturire le risposte ad alcuni - se non a tutti - dei misteri della Terra. In questa casa la nostra rivista avrebbe assolto alla sua funzione. CNK ora in qualche lingua, a accadere migliore internazionale.

GERMANY, AUSTRIA, SWITZERLAND

Die Kosmologie ist eine Wissenschaft der Weltall; eine Abhandlung auf der Bau und Teil für der System von Schöpfung. Unsere Titel COSMOLOGY NEWSLINK, war gemacht um diesen Sujekte zusammen stellen. Und auch etwa Antworten finden. CNK dann unsere Arbeit gemacht.

APRIL 1979. Issue 23

SWEDEN

Kosmisk av vetenskap av världsalld i det hela; på avhandling överallt sammansättning och del av system av skapande. Vår namn COSMOLOGY NEWSLINK, för därför vi behöva tillsammans ställa blandad subjekt, och finna svara till dessa mysterium. CNK därför vår arbete färdig.

and to all whom I have forgotten to mention. My Thanks!

E D I T O R I A L by Edward Harris, Editor

for APRIL 1979. Issue 23. MONTHLY 1979.

THERE ARE A LOT OF PEOPLE now, very pleased with the monthly issues of this magazine, because by becoming monthly we have been able to get out all the latest news. Unfortunately some readers will receive CNK a month late for various reasons. Unfortunately too is the high cost of postal charges which allows me to post out CNK only in three batches. If it wasn't for postal costs, CNK could very well now become once every TWO WEEKS. God knows how much work would be needed to do CNK WEEKLY!

Some are saying, we are losing pages to foreign languages, yet we need the other languages to show Europe that they are not the only people who can master two languages at once, and also it gets out the news each way. I mean, why is it that the majority of Britons are lazy enough only to know one language-English! Shame on us! FLASH! LAST CNK WAS FOR MARCH, and NOT FOR APRIL, as stated on the front cover of some issues. After a recap, I don't think CNK will make the 1,000 circulation per issue envisaged in the early issues. However we are making giant strides to do so. However on total CNK once per month is averaging well over that anyway.

In following issues, we hope to get off the UFO subject and onto some REAL cosmology for a change, showing the mysteries of the universe. I do beg everyone NOT to send in any more of anything since CNK has enough material to keep running until 1982. I hope to cram it all into the final issues of CNK. I thank all those who in the past have contributed. Thanks very much to Stefano Giusti of Italy for wads of UFO data from Italy he has been sending, much appreciated. Please ---I can't feally take ANY MORE.

Seems like some UFO magazines of Canada can't take criticism, when I wrote to one early this year pointing out thier pitfalls, I havn't heard anything since-come now, we arn't all kids! (that was one we used to exchange with) If CNK took to heart all criticism levelled at it over the years, we would have faded away altogether. So to those 'kiddish' editor's who may read this, we would like to SEE your magazine AGAIN-IMPROVED, of course! (by that, I mean in CONTENT, not in layout).

As you know CNK ends in December or early Jan 1980, after a pause I will endeavour to get out BOOKS instead of magazines. Well that's it for now until I see you all in May 1979.-Edward.

NEWS, VEIWS, LETTERS, POT POURRI, MIXED GOSSIP...ETC.

Does anyone remember Cosmology Newslink Number 1.? Do you remember how we started? Well, it was in segments. Some bright spark even suggested calling CNK, 'the COSMIC ORANGE' because we had it in segments! In remembering the past, would anyone REALLY be wantinn issue ONE? Or maybe up to issue 5.? If they do, at the end of this run of CNKs (December 1979) I would, on their instruction, plus payment, produce issue 1 for them. Issue one had themes thus: FRONT PAGE: "SEE FLYING SAUCERS ARE REAL"(picture), PHILOSOPHICAL VIEWPOINT ON FLYING SAUCERS, by Fred O' Gardner, SIGHTINGS, General talk on UFOs from a Biblical point of view by Leo Bartch. LANDINGS SECTION, 'UFO BURNS MAN', CONTA CT SECTION, FIND THE M.I.B. by Beryl Wallace. (Issue one was in colour and letterpressed, but the reprint will be a copy of, but in black and white). THE HUMANOIDS, (with pictures), Close-Up on Ufologists (Gene Duplantier of Canada) who closed up his Saucers Space and Science2right after CNK began- I wonder why? Other issues had such titles as: SOMETHING IN SPACE IS TAMPERING WITH OUR SATELLITES! These early issues (1972) can be yours if you say you want one and give me MUCH time to prepare them. If I do not get many orders, then the idea will be void.

WER IST WER IN UFOLOGI or to say WHO'S WHO in Ufology, several other European papers on UFos has started the same. However we are glad to have started the ball rolling.

TWO UFO CONGRESSES TO BE HELD SOON

Letter from Karl L. Veit: (UFO NACHRICHTEN)
INVITATION

Dear Sir!

We allow us, to invite you as a director of one of the most important UFO-institutions, editor of your special-journal or author, sincerely to our INTER-CONTINENTAL 12. UFO-CONGRESS.

The CONGRESS will take place from friday the 5th till sunday the 7th of october in MAINZ, the capital of Rhineland-Palatinate, a land of the Federal Republic of Germany.

Already until february delegates from 12 countries, respectively three continents, announced their participation: North-and South-america, Southafrika and Europe.

Contact-persons are announced from Southafrika, Mexico and Europe.

Beside DIRECT CONTACT-MEETINGS SCIENTIFIC FACTS ABOUT ETHER-TECHNOLOGY AND ELECTRO-GRAVITATION will be dealed from experts.

If you, as a delegate of your society, want to discuss a short report about particularities of UFOlogie relative to your country, your manuscript is requested as soon as possible.

It should contain convincing fotos, slides or a film about UFO-observations. All this can be performed here with a projector. There will be interpreters of the main-languages at your disposal.

If you should be prevented from visiting us, we should appreciate, to receive a saluting-message, to read it out before the audience.

With the best successes!

Karl L. Veit. President of the DUIST.

*CNK says: Anyone interested? Contact: Karl L. Veit, UFO NACHRICHTEN, D 6200 Wiesbaden 13, Postfach 1301 85, West Germany.

CNK'S MESSAGE TO THE DUIST CONGRESS WAS:-

Vielen Dank für den Einladung, zu dem International UFO CONGRESS 1979. Leider diesmal konnte ich nicht kommen. Vielleicht nächste Jahr. (?)

ETWAS ZU SAGEN

Ich habe hier etwas über UFOs zu sagen. Ich sage; glauben Sie UFO forschung ist manchmal nutzlos? Ich meine das wir haben seit 1940s noch nicht die antwort gefunden! Dann warum müssen wir die UFO jagd noch? Keine Regierung auf den Erde kann die antwort finden, CNK kann nicht eine antwort auch finden. Es gibt mehr Fragen dann antworten. WAS KANN ICH SAGEN? WAS KÖNNEN SIE HERRN

Many thanks for the INVITATION to the INTERNATIONAL UFO CONGRESS 1979. Unfortunately, this time I cannot come. Perhaps next year. (?)

SOMETHING TO SAY

I have something to say here, about UFOs. I say; Don't you believe that UFO research is sometimes useless? I mean that we have since the 1940's still found no answers! Then why must we continue to pursue them? No government on earth can find an answer to them. CNK cannot also find an answer. There are more questions than answers. WHAT CAN I SAY? WHAT CAN YOU GENTLEMEN ALSO SAY?

AUCH SAGEN? WARUM KOMMEN SIE
HIER WANN SIE WISSEN NIEMAND
HAT DEN ANTWORTEN?

Ich fürchte, dass den UFO's
haben alle den fragen-und
diesen antworten halten sie
selbst.

Ich weiss das wir haben
geräte für beobachteten den
UFOs, auch Luftwaffen usw.,
aber finden Sie eine bisschen
hilflos wann nicht gerade eine
rakete kann eine UFO fangen?

Ich weiss auch folk sagen sie
haben mit UFOs kontakt gemacht?
Können wir diesen leute
wirklich glauben? Manchmal
sind solche menschen schon-
hypnotismus, von einem mann
der möchte eine geschichte
schreiben für etwas geld zu
machen, oder mit UFO gruppen
etwas spass machen.(?)

Ja, Ich auch weiss dass solche
fälle sind manchmal SEHR
WAHR, denn wir haben die Betty
und Barney Hill Fall.

Meine grösste wunsch ist dass
BALD, sehr bald warscheinlich
im jahr 2000, UFO's wird eines
tages landen. Bis dahin ich
sage zu DUIST, forsetzung mit
das forshung, vielleicht bis
ende zeit. Ihr gruppe ist eine
gut gruppe, eine der best der
welt. Warscheinlicht Karl L.
Veit darf diesen antworten
finden- wer sagen können?

Ich daher meine ZEUGNIS AUF
ERKENNUNG SENDEN. Als für den
UFOs? Der ball ist in ihr
garten!

WHY DO YOU ALL COME HERE
WHEN YOU KNOW THAT NOBODY
HAS THE ANSWER?

I'm afraid, that UFO's
have all the answers, and
they are keeping them to
themselves.

I know that we have instruments
for observing UFOs and the Airforce etc.,
but don't you find that
you are a little helpless
when not even a rocket
can catch one?

I also know some people
say they have made contact
with UFO's. Can we
really believe these
people? Such persons can
be pre-hypnotised with
such a story, by a man
who's doing it for either
money for a book, or wants
to make fun out of UFO
groups.(?) Ja, I also
know such cases are VERY
TRUE, for we have the Betty
and Barney Hill Case.
My greatest wish is that
SOON, very soon probably
in the year 2000, UFO's
will one day land. Until
then, I say to DUIST, continue
with the research
until the end of time. Your
group is one of the
best in the world. Maybe
Karl Veit may find the
answers- who can say?

I have awarded him my
CERTIFICATE OF RECOGNITION.
As for the UFO'S? The
ball is in their court!

The second UFO Congress that is to be held is being arranged by BUFORA (British Unidentified Flying Object Research Organisation).

According to their NEWS RELEASE it is the 'FIRST LONDON INTERNATIONAL UFO RESEACH CONGRESS.

Dates: Sunday and Monday, 26-27 August 1979 (Bank Hol. weekend).

Venue: MOUNT ROYAL HOTEL, MARBLE ARCH, LONDON, WL.

Guest Speakers are to include: Dr. J. Allen Hynek, from the U.S.A. UFO Study Center.

There will be a documentry film on UFO's, and an optional trip to the London Planetarium on the 27th.

About 8 papers or talks will be presented. There may be group sessions, with breaks. An coffee and pm tea to be inclusive.

This congress will be thrashing out a few problems, but BUFORA's blurb to CNK fails to mention MONEY, ie., admission price etc., maybe it's FREE-but I doubt it. All enquiries to:- CONGRESS SECRETARIAT, 7 Stratford Place, London, W1A 4YU. or to Lionel Beer, 15 Freshwater Court, Crawford St., London, W1.LHS

*IF BUFORA WISHES TO READ OUT CNKs THEME, THEY ARE WELCOME TO USE THE ONE DESTINED FOR THE GERMAN CONGRESS. Go ahead, see how many eyebrows are lifted!

This issue of CNK has increased in page sizes after the mishaps of the last two issues. However the rate of material going in at each month determines the page size.

*While on letters etc., Lionel Beer, writes, that he is "glad to see CNK keeping up with the news, which is more than some others are doing" Thanks Lionel for the encouragement. *Lionel is refering to other UFO magazines (Dated March 7th 1979). Lionel says also that many people are going in for the Cutty Sark UFO proof competition. CNK won't be bothering, there is NO proof we know of...unless some one out there reading this KNOWS OTHERWISE! We may go in for the capsule contest!

*Beryl Wallace writes, asking CNK how is our anti-gravity device getting on?

Answer: Ideas wise, very good, practical wise-no good at all. Research will continue after CNKs close-down. Anti-gravity is JUST AROUND THE CORNER-I know it?-Editor.

POTPOURI CONTINUED: * * * * *
IF ANYONE WANTS NEWSPAPER CUTTINGS THAT HAVE BEEN USED OR NOT USED IN CNK, please send in a 10x8 envelope stamped and addressed to yourself. I will send these to you depending on weight and denomination of stamp.-Editor. But hurry, I will be discarding everything by August 1st.

* * * * *

Letter from Lord Clancarty (Brinsley Le Poer Trench:
" Dear Ted, Thank you for your latest CNK. Please excuse this short card, but since the Lords UFO Debate have received over a thousand letters and frankly don't know how to cope with them. Best to you," Brinsley Le Poer Trench.

* Goes to show, doesn't it, that the Debate WAS worth it after all. Now its about time the government here goj their fingers out of the mud and give us a public debate and equiry into the UFO situation, and set up a centre where people can turn to who have been scared out of their wits when they have a close encounter. Such an encounter you can see in this issue.

Received. CLYPEUS 11 & 12. Thanks friends...FORESIGHT, NUFON NEWS, SKYWATCH. If exchange magazines have not sent in theirs, go ahead, we are waiting for you.

Bob Bloomfield of 55 Talma Road, London, SW2 1AX, has begun a UFO News Service, and produces a one-sheet photocopied 'UFO REVIEW' which is quite interesting foe UFO news snips. He writes: "Dear Ted, Wrote you two letters, NO-replies?? Have you packed it all in?. We are now in the big time, after a lot of.... hard work, Will soon have cassettes on sale. Could you run an advt. in your magazine, if you are still on the rounds. Let me know. OK. Yours sincerely, Bob Bloomfield. *Well Bob, here's your request-duly published! Readers must note however that Bob doesn't sell just UFO material, but magazines of a far'different'nature.(want to know?? alright, pin-up magazines from Hong Kong)there that's it!

Exchange magazines. If you have not received CNK for a while, it means we have mislaid your addresses or any other excuse we can find..no really genuine. You will get CNK when we sort out the muddle we are perpetually in.(CNK receives SO MANY its hard to keep track of them all for exchanges).

UFO SIGHTINGS AND CLOSE ENCOUNTERS

SOME OLD SIGHTINGS AND SOME NEW ONES FROM OUR BULGING FILES.

JULY 6th 1978 OBSERVER: WAS IT A UFO THAT MADE THE SKY GLOW?

AN intense red glow reached across the whole sky-the unusual wailing noise became a crescendo of sound. It happened in Bisho's Stortford Herts, and was witnessed by company director Mr. John Conty, 47, his wife Anne, 37 and 18 year old son Michael, from a window of their Blackbushe home. As the noise, and light, which had a bright central core, faded away in the direction of Birchanger Woods, rain started again. The man said: "The whole thing was just so incredible. The whole sky turned red and the noise was really weird, something I have never experienced before. And who can explain the rain. It stopped the moment the glow appeared, and started again as hard as before soon as it dimmed." In June (19) 1978 a 27-year old woman, Mrs. Michell Lovis of Elm Green, said she was baby sitting and went to drive home about 1.15 am when a bright yellow glare covered the sky. "The glare grew brighter and then the noise started. The whole experience was completely unnerving," she said.

"The funny thing is that while I was driving home the noise stopped but started again when I arrived. The other person who says he had a similar experience is Mr. Bill Luesley, of Rochford Road. He saw the light and noise at the same time as Mrs. Lewis.

Checks by the airport at Stansted drew a blank, the same went for the Met. Office at the airport. No answers were forthcoming. The only odd thing they said was; "at about midnight on Sunday, when a plane took off with its lights on and made disc-like images on clouds," said a spokesman.

CONCORD WAS 'SHADOWED' BY A UFO: Sunday Mirror August 27 1978

People living near Jet's West London Flight Path claim it is being spied on by a UFO as it comes in to land. Described as a huge ball of coloured light-appears friendly. It was first seen by a woman, whose skeptical husband also saw it later. "A huge reddish ball appeared in the sky right in front of CONCORDE. When the 'plane arrived a few minutes later, it passed right through it." Her husband also saw "a very shimmering object. It stayed in the sky for about 17 minutes."

Heathrow said: "Nothing has been picked up on radar, so I can't explain it."

MYSTERY OBJECT CRASHES IN TOWN. (newsclip unknown, date unknown, but FROM UFO REVIEW. A UFO crashed and exploded in the marketplace of Fort Dauphin, Madagascar. The Radio said the Cigar-object lit up whole town, before hitting ground. What happened to wreckage is not known.

FACE TO FACE WITH THE MEN FROM SPACE

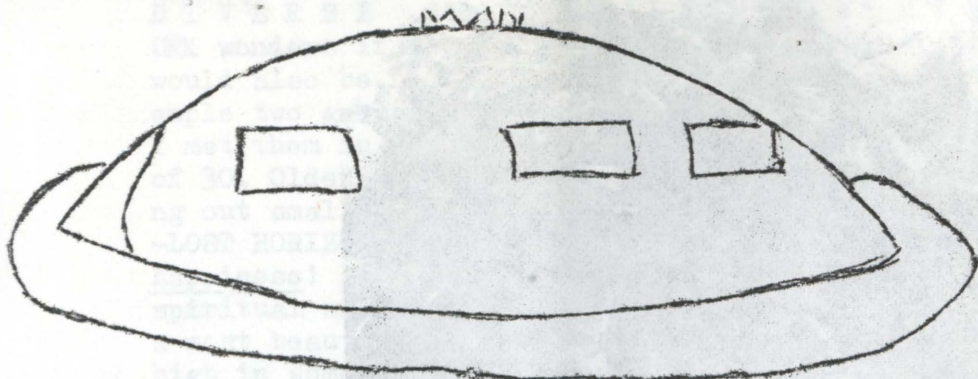

ALIEN: Gaynor's picture of her spaceman

**Little Gaynor's close
encounter is amazing
say the UFO experts**

GAYNOR . . . Her sighting is a major breakthrough

SPACECRAFT: "Like a saucer with windows and a flashing Light." Drawing by Gaynor from the STAR newspaper.

Credit: DAILY STAR, Friday March 9th 1979. by Neil Moran.

TALK of outer space and these could be the drawings any youngster dreams up...

A funny looking man with a weird helmet, a flying saucer with windows and flashing lights. All in a child's imagination --or is it? For little Gaynor Sunderland who drew these pictures is an exception. She says she came face to face with aliens of another planet, and UFO experts believe her. They say the sighting is "a most incredible breakthrough."

Eleven-year-old Gaynor has twice been questioned under hypnosis. One UFO expert, Miss Jenny Randles, of Flying Saucer Review, said yesterday: "It is probably the best encounter ever documented in Britain."

Gaynor's close encounter of the frightening kind happened in July 1976, when she says she watched a silver saucer-like craft and two silver-suited people for half an hour.

She lay terrified, peering through a gap in the hedge after it landed in a field a mile from her home in Julius Close, Oakenholt, near Flint, North Wales. Yet it was another 18 months before she spoke openly. Said her mother, Mrs. Marion Sunderland: "Gaynor was frightened of ridicule. Her story has been studied since last April. "It is extremely detailed and tallies with sightings in other parts of the world," said another UFO expert.

Gaynor describes the space craft as being half the size of a house, and its occupants--a man and woman--as short and angular with large pink eyes. Both wore silv-

ery suits and helmets.

HUMMING

The ship, about 35 feet across and nine feet high, had a row of yellow windows along the side and a flashing box on top.

Gaynor says the aliens probed the ground with equipment before taking off with a loud humming noise.

Then she dashed home too scared to speak, Said Gaynor:

"I was cold and frightened—I was sure both of them had seen me.

Added Jenny Randles: "Her description is among the most detailed recorded. We shall be asking her many more questions."

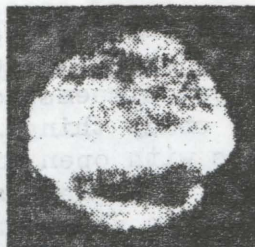

Sir Bernard's being stupid—UFO expert

From NIGEL NELSON
in New York

THE world's most respected authority on UFOs accused Britain's top astronomer, Sir Bernard Lovell, of stupidity yesterday.

Dr Allen Hynek, president of America's Centre for UFO Studies said it was ridiculous for Jodrell Bank Director Sir Bernard to suggest that a UFO filmed over New Zealand last Christmas was nothing more than a burned-out meteorite.

The UFO, tracked on radar and captured on film from a light aircraft by Australia's Channel 10 television network, has been care-

Sir Bernard . . . and the UFO he 'shot down'

fully studied by 20 of America's top physicists and astronomers.

Yesterday the scientists declared that the film was the first-ever verified footage of an unidentified flying object.

Dr Hynek went on to attack Sir Bernard 'or

dismissing the object as just a meteorite. 'That was one of the more stupid explanations,' he said. 'It's completely untenable.'

'This is scientific irresponsibility. He should examine the data before pontificating.'

*CNK said in issues 20 and 21 something to the above effect that Sir Bernard was acting out of his depth, although we would have liked to use vehemently the strong words above—we didn't..but this is what we meant. Seems like we weren't far wrong in this summing up. We said: "Sir Bernard should go out and get first hand experience of such a happening, before opening his mouth to the press". Seems like he's put his foot in it at last!

METAPHYSICS

CNK TAKES A LOOK
AT THE MYSTERIOUS
SUBJECT OF Meta-
physics.....

WHAT DOES THE DICTIONARY SAY THIS WORD MEANS? The University English Dictionary says: 'The science of the principles and causes of all things existing; the philosophy of mind as distinguished from that of matter.'

To your editor, it also means the natural state of nature, as nature intended it to be. Metaphysics is therefore a natural state of existence. What does THAT MEAN? Well, as far as I can determine, this title brings in the occult as well as natural forces around us. There may be differing opinions as to what metaphysics really pertains to. However, PYRAMID energy, The Aura, The Etheric, Telepathy, Meditation, Light Centres (in some cases), perhaps psychic healing, etc., all come under this name. Many researchers are today intently studying this. It doesn't matter who you are to become a metaphysician, even a recent Miss World contestant said in the pre-interview that she was interested in it.

Does metaphysics mean: abnormal people doing abnormal things? To those who have not become involved in 'magic' and the like, metaphysics seems to be for those 'way out' 'weird people', who do crazy things. Yet it's being done, and by SENSIBLE persons with open minds. Take for example the AETHERIUS SOCIETY. They may seem an odd bunch at first, but there is sense in all their moments of 'abnormality' from the 'normal'. How can you 'charge up a... 'battery' made of cardboard by PRAYERS? Mike Milton says Metaphysics is a 'Higher Science'. CNK will be bring you some of this in the next issues, starting off with a look at Pyramid energy and how it was first discovered, and what happened on top of Cheops when the sparks literally flew from a wine bottle.

Do LIGHT CENTRES come into the metaphysical theme or research? I think it depends on what they are teaching. On looking through some of their booklets, they are a strange mixture of metaphysics, plus a lot of nothing. What is more they DO GO RAMBLING ON AND ON ABOUT NOTHING: Example from the MAGNIFICENT CONSUMMATION-Ruby Focus Magazine: "I am that I am has come unto you this day...etc " and "Realise how important you are to ME as Particles of Me, etc..they prattle on about- 'My ESSENCE, oneness, DIVINE LOVE OF FATHER-MOTHER LIGHT, vortex upon earth.' So what IS the message? Yet, some light centres do contribute to peace on Earth. Meditation, look on page 15 Is this Light Centre or Metaphysics-judge for yourself:-

YOU ~ the almighty you

BY Dr. C. H. Yeang

YOU! Yes! YOU! You are the **CENTRE** of the universe wherever you may be, because it is from this centre that you live & breathe & move & have your being. Your particular **BEINGNESS** depends entirely upon the extent of your conscious and unconscious **AWARENESS** which is constantly expanding outwards and, also inwardly, without any limit & ever creating & changing your environment. Being individualistic & self-centred, your awareness naturally concerns your daily needs & comforts & other activities relating to your desires & ambitions. Very rarely are you conscious of your feelings from moment to moment, of your Soul needs within & of your relationship with the **IMMEDIATE PRESENCE OF GOD**. What you are and what happens to you at some future date will be the direct result of your actions & interactions within your internal & external orbiting.

Being a **FREE AGENT**, you are entirely **FREE** to live in peace & in harmony with the **INVOLABLE LAWS OF GOD** governing your body & the world around you. In disobedience & opposition you then have to learn by your own mistakes or by the waywardness & suffering of others! **GOD LOVES ALL HIS CHILDREN & NEVER PUNISHES**, but **HIS LAWS** teach through suffering & pain and are no respecter of persons; what we give to ourselves & to others we must sooner or later redeem.

MAN must live & **MAN** must die, but knows not **WHY?** However, it is now so easy to know the truth about God, man & his world, provided we make the necessary effort to find out. And, the most important questions affecting you & me are:—

WHAT IS GOD, WITH OR WITHOUT FORM?
WHAT & WHERE IS OUR IMMORTAL SOUL?
WHAT & HOW IS ASCENSION POSSIBLE FOR US
ALL?

SORRY! We must honestly admit we did not know the simple answers to these three basic questions, inspite of 40 years of study in theosophy, yoga, rosicrucianism, SRF, Buddhism, Christian science, Taoism, MRA, Subud, T.M., mantra japa, meditations, etc, which are all without exception most valuable spiritual education for everyone. These merely befit one for travelling the **PATH OF LIGHT**, but fail to teach **ASCENSION!** Nor did we realise that **"BUDDHA, BRAHMAN, & CHRIST ARE EXACTLY THE SAME, NOT A BIT DIFFERENT"**. We are sure you don't either! We had perforce to be satisfied with such highflown & esoteric terminology as cosmic consciousness, superconsciousness, consciousness-existence-bliss-absolute, divine wisdom, nirvana, samadhi, self-realisation, satchitananda, etc., as if we understood everything! Also, we were lulled by the impressive & often abstruse verbosity of God-ignorant but otherwise very learned authors of bulky books supported by endless quotations from ancient texts & famous authorities. We encounter the same illuiveness in occultism, gnosticism, mysticism, & esotericism; and the scientific world is no better, if not worse, being a self-imposed strictly **"SEEING IS BELIEVING"** blind spot, for God cannot be put under the microscope!

We are to-day living in **THE NEW AGE** of fantastic inventions and marvels when **GOD THE FATHER REVEALS HIMSELF** to all mankind who are mature & knowledgeable enough at this juncture to understand & accept the completely new teachings and revelations.

What we are, and what we have within our being & world, are really the sum total of our life experiences, our feelings, our observations, studies, teachings, accumulated knowledge, our enjoyments & our sufferings stretching from birth up to the present time. These then determine our present attitude, our beliefs & faith, our appearance world, our spiritual & religious outlook. In the final analysis we are but a bundle of nerves, conflicts, fears, ideologies, superstitious beliefs & desires dominated mainly by money, sex, and unlimited greed for power with absolutely no certainty of the future.

Therefore, having no conscious contact with GOD THE FATHER, we are totally preoccupied with the PRESENT only and, not knowing our PAST LIFE, nor our FUTURE LIFE, we have no choice but to live on as best & as happily as we can, hoping for the best and praying until the time arrives for us to go to our REST IN PEACE! We may turn to religion for faith & comfort & healing; and many make the serious mistake of invoking the spirits of the disembodied beings who, being unascended, are as ignorant and out of contact with God as when alive. It must be remembered that the astral region of the spirits is entirely distant and different from the KINGDOM OF HEAVEN.

Wherever he (man) turns he gets what he believes to be the truth & looks upon the simple operation of God's Laws as miracles, when in fact these are but the manifestations of the eternal

IMMEDIATE PRESENCE OF GOD, the I AM PRESENCE, the I AM THAT I AM, the ALMIGHTY SPIRIT OF GOD THE FATHER OF THE UNIVERSE. God is with us all the time & is never separate, being the LIFE that is sustaining us, nourishing every cell of our body & healing us, whether we realise it or not. We believe that physicians, surgeons, herbs & modern medications of all kinds cure our sick bodies, whereas GOD IS THE TRUE HEALER & the intelligence & power attributed to these agents are in fact what God gives according to what we believe; this is the LAW OF BELIEF taught by many authors as "THE MAGIC OF BELIEVING".

Similarly, man believes that God is far, far away somewhere in the immensity of the cosmos & therefore out of his reach and hearing, not realising that He is ever present within everyone & hears our innermost prayers.

Now, ASCENSION simply means graduation from the school of life, freedom from rebirth, union with God & is the ultimate goal of all mankind. We can be likened to impure drops of water and these dirty drops of water need to be perfectly purified before being fit to join the purity of the PURE OCEAN OF GOD. We now learn that Ascension is possible for us all this life; therefore let us seek to know all about it; nothing else matters! GOD THE FATHER & HIS SON THE IMMORTAL SOUL OF MAN are the only ETERNAL VERITIES, all else being impermanent and will pass away in time.

Some of us have reached the evening of our lives and if at the end of the day we have not yet mastered the three fundamental questions stated above we will have wasted our time. Sorry to say, we then have to begin all over again, after our R.I.P.

We know for sure there are thousands all over the world who have happily found God, the Presence of God, within themselves & in all & through all. They are now busy shouting from the roof-tops to tell others how easy this is; his knowledge is available to all alike, whether rich or poor, high or low, learned or ignorant, saintly or sinful. This has nothing to do with religion as such; it is purely a matter of GOD & THE IMMORTAL SOUL OF MAN. Men & women

everywhere will awaken to the realisation that their Immortal Soul is the "Image of God", the Son of God the Father, whose glorious destiny is to be liberated from being imprisoned in the darkness of the spirit & body. The liberated soul now returns to God the Father to become One with the Universal Light declaring: "I & MY FATHER ARE ONE". This is ASCENSION!

The progressive & tortuous path of evolution along which man stumbles & falls in his painful efforts to find God is a very interest-one. It leads him from the fearful pacification of unseen evil spirits supposedly embodied in the elements of nature, in earth, air, fire & water, the sun & the moon, & on & on up to the present worship of God in personal form, as well as God without form & without images, where even pictorial representations of the prophets are not allowed. For God is FORMLESS PURE LIGHT and has no name & no language.

We learn that God is Spirit, omnipresent, omnipotent & omniscient; that God is Love, Wisdom & Power; and now God is Light, Love & Life. Finally, God is to be known as Our Father Who is PURE LOVE, PURE LIGHT, PURE LIFE & PURE SPIRIT. Very soon, strange as it may seem, the clear-cut realisation will dawn on us from within; henceforth as man learns to "turn within" to commune with God all teaching will be chiefly from Spirit to our spirit. For the moment these words appear to the intellect & finite mind of man to be descriptive and there is as yet no simple concept that can satisfy the searching imaging mind. However, the flash of intuition occurs in the stillness & silence of meditation.

Most minds are fettered by differing & conflicting interpretations of the teachings of the prophets creating umpteen divisive & sectarian forms of worship even within the same religion, thereby resulting in wars & miseries, all perpetuated in the name of God.

Some more enlightened minds with extensive studies & researches are able to dislodge themselves from the psychological hold of their respective religions; these begin to be interested in the truths as taught by prophets of religions other than their own. For example, the theosophists understand that the prophets of all religions come from the same Source, and so from being originally mono-religionists they might be regarded implicitly as multi-religionists having over-come all ideological conflicts. Unfortunately, ideology (whether in politics like communism & democracy, or in religion like Catholic & Protestant) must take effect & control the human mind which can only hold on to one idea at a time to the exclusion of other ideologies; ideologies: communism and nothing else, Catholicism and no other sect, or Buddhism and no other, or theosophy pure & simple.

Then theosophy introduces to the Western world the discovery of a vast reservoir of knowledge regarding the existence of highly evolved souls called saints & sages, rishis & masters sometimes referred to as adepts or perfect men who have contacted God and received inspired knowledge about man's relationship to God. This knowledge is codified in various systems of conduct and disciplines for those who

are ready to undergo such a disciplined life quite apart from ordinary life that will lead one nearer to God. An example of such a systematised discipline is the 8-steps of yoga: Yama, Niyama, Asanas, Pranayama, Pratyahara, Dharana, Dhyana and Samadhi (two types); these again have been modified and simplified by Gautama Buddha into the 4-Noble Truths & 8-fold Path, which on closer & unprejudiced examination will be seen to be almost identical with yoga. One recalls that Prince Gautama after renunciation roamed the forest in search of sages and yogis.

You will find that as taught in all religions the highest discipline is Meditation, which is then compulsory in man's worship of God, but everywhere man prefers the easy way of worshipping & praying to idols & pictures or images of gods & goddesses. Instead of worshipping God, the "Image of God within the Soul", they worship their own creations of what they think God should look like, a great exercise in human imagination indeed! Rather than the hard way of finding God through good conduct and self-discipline, they prefer to pray for help in times of trouble, sickness or emotional turmoil. When strong, healthy, rich and happy, God is forgotten and the daily chores continue the repetitive merry-go-round.

Many highly evolved souls are dissatisfied & continue the quest for more & more knowledge of God through occultism & mysticism, through study, discussions, self-discipline and meditations. Like Yoga it is a long tedious life of service & sacrifice, and yet there is no sight of God! Some like the genuine yogis have attained samadhi and have indeed seen the self-effulgent brilliant light & felt the peace that passeth understanding & have even heard the "still small voice" and "soundless sound", but still that is not God! For the extremely high frequency of GOD'S PURE LIGHT is invisible to the extremely low vibration of the human eye, outer or inner.

In order to learn the necessary know-how, earnest seekers have sought for centuries the masters, gurus & yogis, rishis & maharishis, to sit at their feet, not realising that no man or rishi can give them what they do not already have, and that enlightenment is entirely a personal equation. No human being, however highly evolved, can take one to heaven through darshan or initiation by sound, by sight, or by touch, and no amount of money, sacrifice, service, penance or self-immolation can replace personal effort of self-discipline and purification of our four lower bodies (physical, etheric, mental and emotional). One has to travel the Path of Light alone!

Now, with the advent of the New Age the mind of man will be completely changed and the whole world will now readily accept the Ascended Masters and their teachings which are freely given to all alike, as mentioned above. Fear of God will be repaced by LOVE OF GOD Who will be called The Father! Meditation will be universally practised and all will learn to "turn inwardly" with eyes closed to contact God, the Kingdom of God within, the Immortal Soul, and learn to hear the "still small voice".

Man everywhere is now ready to accept God as Formless Spirit, Nameless, All-encompassing, whereas previously it has been necessary to worship something tangible, something that can be seen & touched by the body itself within a form in order to satisfy the five senses. Man has not yet understood Spirit!

Spiritual seekers have for a long, long time sought in vain for concrete evidence of the existence of THE WHITE BROTHERHOOD and got nothing so far beyond hearsay or books about them. In fact they are all Cosmic Ascended Beings who are formless and therefore invisible, though some have returned to earth in various parts of the world to serve the Will & Purpose of the Father, unbeknown to the rest of mankind. Thus they retrace the Path of Light just like any other human being. They exercise no earthly power, avoiding all sidings, and are not identifiable being simple looking like you and me with the same human tendencies and weaknesses which are subject to the Inviolable Laws of God. They have to undergo the same purification like you and me before they can ascend once again at the end of their lifespan.

Theosophists and others can now take heart that their long quest and patience will at last be rewarded.

Remember the words: SEEK and ye shall find; KNOCK and I will open the door that ye may enter. ASK and I will give unto you all that the Father has promised.

Every seeker is accepted and none are rejected.

The open sesame, the key word, is ESSENE! All the 12 disciples and Jesus himself were all ESSENES!

Well! Why wait and waste precious time? Let us get moving!

One last word please! The Teachings of The Angelic Host Within Christ, of The White Brotherhood, and of THE ESSENES, are One and the same.

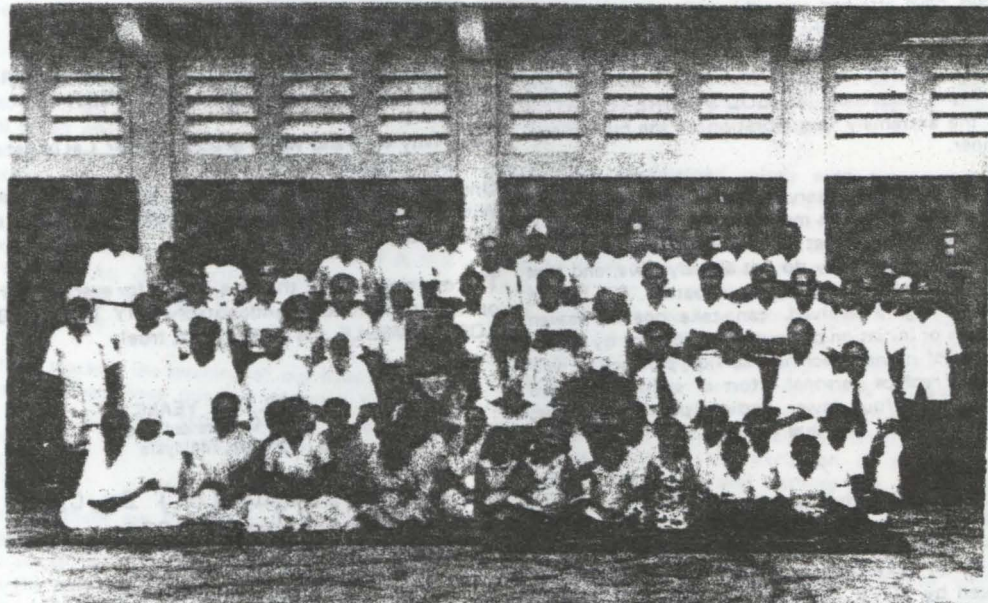

The one single Book that is a MUST for every seeker, novice or highly advanced, is undoubtedly "MY TRUTH" BY THE LORD HIMSELF, yes fantastic but true!

Dr. C.H. Yeang JP also explains what the photos are all about on page 18. He writes:

"I enclose the original group photo of the Togi Mahesh (as he called himself then) taken in 1958(LOWER PHOTO) in Penang after a lecture, sponsored by myself who was seated on his left; on his right was a large portrait of his Master or guru which he was using whenever he performed an initiation. I also enclose a photo taken while he was initiating one of my friends in Penang, who is now his principal agent in Malaysia and Singapore.

*CNK says: We thank you for your financial support in advertising, but have accepted no payment for the publication of this YOU article, and was our pleasure to do so. This may be the last article of its type to be published under the title of CNK. We hope the 30 copies we have sent out to Malaysia will help you in your quest to bring home some metaphysical truths to the world..to a world so much on materialistic things, it forgets to feed the inner being. CNK cannot accept nor publish ANY MORE material from any source on any subject after July 1979. Please folks, don't send in any more, or the roof of my house will come off!-editor.

This goes for SOUVENIR PRESS also. We thank them very much for sending us their books for review in the past. CNK will treasure them as a personal source of information for years to come. We also hope SOUVENIR'S sales have been helped by this small magazine and we wish them all the best for the future.

ON THE NEXT PAGE : CAN MEDITATION MAKE YOU FLY? continuing our search for the truth and knowledge in the metaphysical world.

CAN MEDITATION MAKE YOU FLY?

CREDIT: The SUN,
March 1st. 1978

By JEREMY SANDFORD

MEDITATION can give you lift-off. That is the claim made by the man who was once the Beatles' guru.

The Maharishi Mahesh Yogi has amazed his followers by his proposal to teach them how to fly.

He has pictures, which, he claims, proves it can be done.

"They're up in the air!" says the caption to one of them. "First stage in flying!"

The picture, in a brochure produced by the Transcendental Meditation Movement, apparently shows three men floating two feet above the foam-rubber covered floor below them.

Another picture, in the same brochure, shows a young lady in a flounced skirt, who appears to be floating in mid-air.

Training

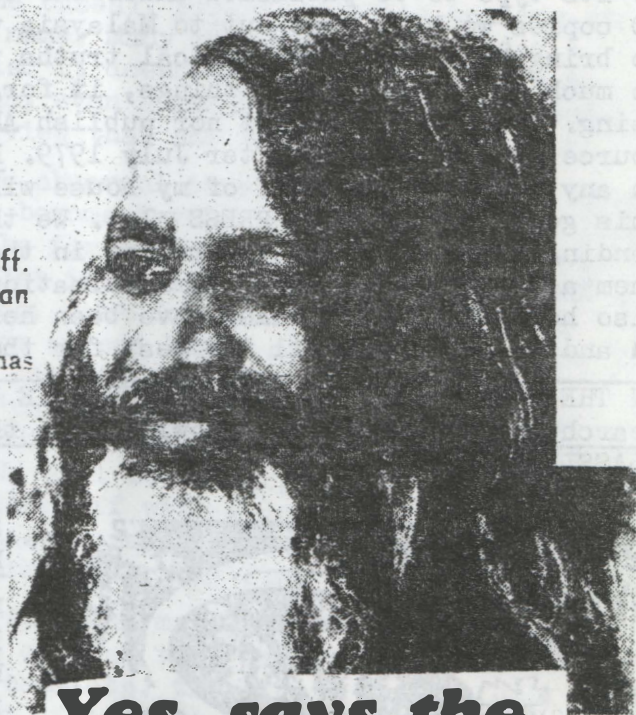

A caption says that they are "Governors of the Age of Enlightenment under training."

Can he be serious? Can the Maharishi really

believe that he can teach people to fly?

The people in the pictures could be bouncing. But could they really bounce with their arms folded and their legs in lotus position, feet tucked above their thighs?

20

Yes, says the Beatles' guru

Chris Gant, 32, is the director of the British headquarters at Roydon Hall, East Peckham, Kent.

He says: "Yes, we really do fly. I have flown myself."

"It's an intoxicating experience, like solving a problem that has been worrying you for a very long time."

The Maharishi, an Indian mystic in his sixties, masterminds the movement from headquarters, formerly a luxurious hotel, in Switzerland.

Although they claim not to be a religion, the Maharishi has set up a world government concerned with the spiritual well being of the world.

CRIME

"About 1,500 local capitals have been set up, and the job of each of these will be to introduce one per cent of the people in their area to meditation.

"Transcendental meditation doesn't only improve your spiritual efficiency. It improves all of you, and we can prove it.

"One experiment compared ten small American towns.

"In each of them, ONE OUT OF EVERY 100 OF THE POPULATION HAD JUST BEGUN TO MEDITATE. THEIR CRIME RATE DROPPED BY AN AVERAGE EIGHT PER CENT.

"These towns were compared with a similar group during the same period where there was little or no meditation.

"In these cities, in the same period, the crime rate rose by 7.8 per cent."

LOUISE ALRED, 26, who teaches at the Transcendental Meditation Centre at Anlaby Road, Hull, Humberside, says: "Man was born to be happy.

"Life should not be a struggle. 21

" The Maharishi offers a way which involves no harsh discipline, no break with normal life and tradition, but which gives a fuller, but deeper meaning to all living."

* ONE minister who has made a special study of Eastern religions and cults is Rev Roy Clements. He says: "Many scholars have told of the good effects of Transcendental Meditation, and so have some Christians. "But there are pitfalls, and good Christians should be on their guard. The Hindu roots of T.Med. are not far below the surface.

"Jesus never encouraged meditation of the Eastern type, instead he told us to pray. He did not encourage ecstatic experience, and warned that it was no test of a man's relationship with God." Mr. Clements believes that people who meditate, Eastern style could easily fall into a trap. He says: "There is evidence that some, if not all, of the experiences obtained by using Eastern meditative techniques are being exploited by Satan."

*CNK says: Sensible advice for those who still think this way, But for the rest of us, how can teaching LOVE be from Satan? No way, man, no way!- Editor.

DIVERSE GROUPS IN METAPHYSICS
CNK wonders if diverse groups teaching love to the world would also be under the metaphysics title. Take for example two groups of people, both 'preaching' LOVE. I met them in Dunmow, Essex. One young man, Mr. A. Smith, of 30, Olden Noble Hill, Colchester, Essex., was handing out small comic-stip leaflets called, 'SHANGRI-LA! -LOST HORIZON FOUND! It proclaimed: "We have found true happiness! have you? It aims at showing the "deeper spiritual significance of the film "LOST HORIZONS, in which a most beautiful place of peace and beauty was found high in some eastern region mountains. They end their leaflet saying: -"Our lost Horizon found! You can find it in the love and peace of the family of love- come see us today! They give a telephone number: LIVERPOOL 051-724-5609, also Birmingham 021-459-3579, & 021-356-3413. It seems to lead us back to the Bible. WHAT IS THEIR MESSAGE? Where do we go from here? This group seems to have arrived from Italy. (CP 748,0001000 ROMA, Italia.)

The next persons I encountered on my way to buy stencils for this magazine, were two young ladies. This time they were doing a survey in Dunmow. The survey asked many questions on how people think, and what should be done in the world to make it a better place. One question was. "Would you like to see an International currency?" My answer to this was that I'd like to see money scrapped altogether. (That surprised them). Later one young lady wrote to me, as I mentioned the work of CNK and its diverse nature. She wrote:

Dear Mr. Harris,

A few weeks ago I was doing questionnaires in Great Dunmow and met you in the street. You showed some interest in the teachings of the Bahai Faith and left your address. I have sent your address to the Bahai Community of Redbridge and asked them to inform you of any meetings they hold in your area. I hope this is fine with you. Yours faithfully, C.A. Hainsworth (Mrs).

So what is THIS GROUP? You, the reader, can now see that there are HUNDREDS of such diverse religions, semi-religious groups scattered over the world. CNK will report on them, but what IS it all for? Why not have one BIG family under ONE name! Address given to this faith is: Basement Flat, 60 Holmdale Rd., West Hampstead, London, NW6. for those interested in contact.

JESUS IS ALIVE AND WELL

CNK does not usually run articles such as this. But we felt it was about time we dipped into barrel, and see what is going on in other places. Who is to say where the unknown meets the known.

This includes Light Centres

**We're
tuned
in to
power**

A SENIOR staff member of the Aetherius Society is 79-year-old Jean, Lady Buchanan Jardine.

She says: "I have often heard the voice of Jesus at meetings of the society. It is a very soft and gentle voice.

"Dr George King's trance is not an ordinary trance.

"It is the result of 10 or 15 years rigorous training in yoga."

Master

Lady Jean, who volunteered to be a full-time worker at headquarters, adds: "Sometimes the master we know as Aetherius sends messages.

"He sends energy down so that we may use it to help others.

"Anyone can make use of the energies that come from his space craft.

"We directly tune in and co-operate with it, through Operation Prayer Power."

LADY JEAN
Messages from Space

Prayer power . . . George King shows Aetherius Society followers the way.

CNK TAKES A LOCK at the Aetherius Society. As we said on page 14, how does one charge up a cardboard battery with prayer power. Well, it all hinges on etheric energy, which we all have. This energy, like pyramid energy can actually be transferred to other inanimate objects, if enough concentration is used. What is more concentrated than prayer, or mantra chanting. Everything is a wave form-even the human mind. It depends of course on what material the cardboard battery is made of. However the Aetherius Society seem to have one. How they release that energy is known only to them. As far as I'm aware Etheric energy will dissipate of its own accord, therefore I think the Aetherius Society's battery is useless. However from the newspapers comes this account of their activities:-

As we can see from page 23 the headlines read: JESUS IS ALIVE AND WELL, with sub caption, AND HE'S LIVING ON VENUS says Dr George King. Just before this, was an item in the EVENING NEWS 26-2-79, on the group (who have been around for a considerable time) YOUR FRIENDLY FLYING SAUCER. Don't be surprised if everyone you meet in the next six weeks is friendlier than usual-it's all thanks to the men from Mars. Flying saucer experts at the Aetherius Society say we can expect a visit from a Martian space craft today and that it will stay in Earth's orbit until April 7. But you can hear more details of its communications with Earth if you go a meeting of the society at Caxton Hall on Thursday."

Then from the SUN Tuesday February 29, 1979:

"A MEETING of the Aetherius Society was in progress at London's Caxton Hall. Messages from the Planets Venus and Mars were being received, as usual. But this was to be a memorable evening, because the next moment they were being addressed by "the voice of Jesus Christ!"

They learned through this voice that Jesus, far from being in heaven, is actually an inhabitant of the planet Venus! Since then, the voice of Jesus has often been heard by members of the society. Richard Lawrence, 24, works as a salesman by day. In the evenings and at weekends, he is one of the society's dedicated voluntary staff of 30. He explains: "It all began on a cold Saturday morning in 1954. Mr. King, a 35-year-old white collar worker in the City, was doing the washing up in his bed-sitter in Maida Vale. Suddenly a clear voice apparently from nowhere announced, 'PREPARE YOURSELF. YOU ARE

TO BECOME THE VOICE OF INTERPLANETARY PARLIAMENT.

"He told him that he had been selected to perform a stupendously important service to mankind.

"The wise man instructed George—who has since become Doctor King—in more advanced yoga techniques. He told him they would enable him to be used by someone the world would know by the name Aetherius." And that is how the society got its name. Richard Lawrence says: "We act on messages which we receive, through Goerge King, from superior beings outside this world. One of our most important missions is Operation Prayer Power, which concentrates the energy resulting from prayer into physical batteries—about the size of a car battery—which can hold several hundred hours worth of this energy. This can be released through special radionic equipment to bring relief to areas suffering from famine, flood, earthquake or hurricane."

CNK says that the storage of etheric energy, produced by prayers which is a wave form anyway, is scientifically possible. There has been real cases of miracles happening in a church where prayers were conducted for a sick person. Although I agree this happens due to the CONCENTRATED mass of people sending out waves of telepathic etheric energy to bring about normal vibrations in a sick person, I still do not believe a mere cardboard battery used by the Aetherius society will hold etheric energy. The only box I know of which can presumably do this is ORGONE energy, which draws in etheric from humus of decaying plants trapped between metal plates. It has been known to heal broken bones in some minor or major cases. So unless there is some construction along these lines, George Kings's battery prayer power is utterly useless. The only healing likeley to take place when this society Prays, will NOT come from a piece of mere cardboard—but from live human beings. This part of this group, is then METAPHYSICS, they are in tune with a real scientific principle. The Aetherius Society in this light, are, therefore, not so 'round the twist' as at first thought when first encountered. Staff here at CNK believe they are using some techniques very wrong. They use the wrong mantra for a start, according to one expert here. At the moment The Aetherius Society have a petition going, to try to persuade the government to release UFO evidence. In this way, the society not only is spiritual, but is practical also. Unfortunately for them, when on television a short while ago, the two got mixed together, which in the eyes of the public made them a 'right bunch of lunatics!' I think the A.S should therefore stick to one science or the other, mixing the two, even accidentally, can lead us all to think you are all the latter, when we all know that you are certainly not!

METAPHYSICS takes us also into astrology, it seems, and many are now saying that this is the beginning of the golden age—the AGE OF AQUARIUS. What does this mean? It means that in the cosmos, there is a cycle, very much like a pendulum of a clock, only it is composed of energy or other metaphysical material, it may even take TIME into it, I believe it does. This gigantic invisible pendulum swings back and forth. At one end of its movement at the other end of the cosmos, we have war, unrest, and physical things, greed and all earthly type extravaganza. When our hypothetical pendulum starts to swing back again, this brings us halfway to the golden age where man starts to think and feel for all things spiritual. At the other end of the cycle we will have the most magnificent realm upon earth that you can envisage, of true love, harmony and peace, with no earthquakes, wars, etc., a perfect Heaven upon Earth. At the moment, so I am informed by those who study metaphysics, we are almost reaching the half way point. That is why you can see man is half spiritual and half animal still. Maybe this golden age may have something to do with the Sun. We know it changes every seven years, and has sunspot cycles, maybe it has other hidden cycles, electromagnetically too, which could influence our behaviour. Only time, and records kept in museums will show scientific evidence of this in the future. So to all those people reading this in the year 8000 or beyond, I'm hoping you are now just beginning to experience this golden age which we are now speaking of, in this year of 1979. (That is of course if you can actually READ this old fashion English Language), as it undoubtably will be in this period.—Editor.

Metaphysics doesn't just stop at this. People today are turning to the very themes just mentioned above. Although it is very dangerous, there is a way in which you CAN see the AURA and have your senses improved. This is known as 'opening up your THIRD EYE'. It is centred in the middle of the forehead. However, one lady has actually undergone this treatment, and QUOTE:

THE SUN, April 18th, 1979 ;—

THE WOMAN WITH A HOLE IN HER HEAD. ARTIST Amanda Fielding believes that the operation of trepanation—boring a hole in your skull and removing a bit of bone—should be available on the National Health Service. Amanda claims that she has since felt an increase in well-being and energy and experienced things more vividly. Her hole-in-the-head policy must make her this election's most way-out candidate. She is standing for Chelsea, London.

The operation, which she says was commonplace in many ancient

civilisations, is discouraged by doctors.

Amanda, who runs the Pigeonhole Art Gallery in Langton Street, London, says about a dozen people in the Western world have had the trepanation operation for the same reasons as her.

"Most people feel that when they grow up, their sensations become blunter than when they were children," she says.

"And they're quite right. When the skull goes rigid, around the age of 20, it impedes the flow of blood round the brain.

D A N G E R

"As a result, people are not able to experience things so deeply."

Amanda searched for four years for a surgeon willing to drill the hole in her head--without success. So she decided to do it herself.

"It's not painful, since you can use a local anaesthetic," she says.

"But it can be dangerous. That's why I want to see it available on the National Health." UNQUOTE.

In one of LOBSANG RAMPAS books, THE THIRD EYE, this operation is done to him. He was sealed up in a dark room for several days. When emerging, he could see many colours around people, which he could probably not see so well before. This is the Aura. In yet another case, a young boy who had an accident, and had his head operated on, also experienced seeing multi-colours around living things. At first they suspected brain damage. But what the boy was seeing was a sixth sense reflex, which humans have lost over thousands of years. EVERYONE has an aura around their body. It emanates at the top of the head like a pineapple in appearance--some say it gives off sparks. The colours you see gives away the emotions and personality of the owner. Grey, for instance, is an undeveloped person, spiritually. Other colours mean different things. Violet or purple is believed to be associated with a very highly spiritual developed person, if that is contained in the aura. All this subject has been covered in my book 'OUR WEIRD UNIVERSE' volumes one & two, which is waiting a reprint in 1980.

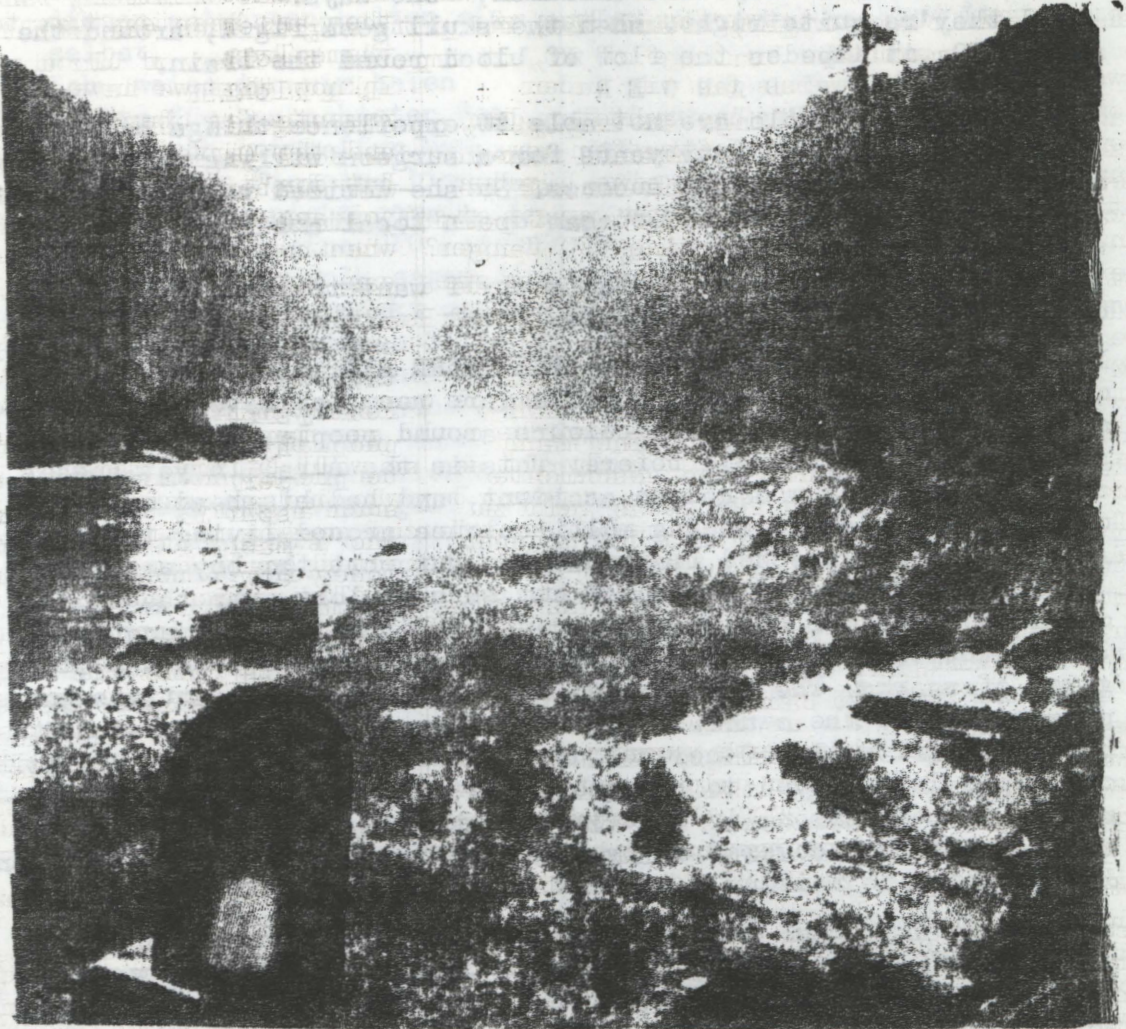

With this very brief look at Metaphysics, which can go on and on enough to fill the space of a many volumes encyclopedia, we now leave it. I hope this has given the readers an insight into the workings of such a complex subject, which has many branches. I only hope I have shown you the correct branch of the subject. There are many Metaphysical Societies around, some we have just seen. As others become aware of their surroundings, they too may form such magazines and societies to do with it. IT IS NOT SATANISM, it is the NATURAL STATE OF THE KNOWN UNIVERSE.

*FORESIGHT MAGAZINE advertised here, is one such magazine.

MYSTERIES

FROM BETTY JONES IN
CANADA

1974

WHAT WOULD YOU DO, if you took a snap of a river, and found on its development, something weird was happening there? This is just what happened in the above photograph, which is the best reproduction we can manage due to its quality.

BETTY JONES was a contact for CNK in the early years of our inception. Betty is still engaged in research of some kind to do with UFOs

Irene Wyman with her river scene photo.

The mystery of the river scene was sent to CNK by Mrs. Betty Jones in December 1974. It is one more mystery to the ever growing files on such things. This story was also published in full, in Canada's UFO REPORT, Number 18. The story, briefly runs thus: According to Mr. and Mrs. Orval Wyman, the bright blue object on page 28 (reproduced as a large black outline), was not there when Mr. Wyman took the snapshot in colour. There was nothing else there to suggest it was anything unusual. Despite a scrutiny of both film and camera, there was nothing to suggest there was any malfunction both in film or camera, although the possibility could not be entirely ruled out. Mr. Wyman's equipment was checked by camera and film experts, and nothing wrong could be ascertained. The camera in question was a Keystone Everflash 30 Instantmatic 126 with no settings.

What is therefore in this photo which suggests anything strange? Was there anything to associate it with UFOs or beings from another dimension—perhaps, CNKs guess!?

For all appearances, the river scene appears to show the following: A blue energy cell, giving off radiation of some kind, and the head- or heads, of 3 sitting figures at the right.

Also in the photo was, what appeared to be, a UFO hovering above trees. This could have been a flaw in the film, yet...

Betty Jones describes the blue light as an energy cell. It sure looks something like one-if we knew what that was!? Re-visiting the site again, Mrs. Jones wrote to the Canadian magazine:

" I was surprised at the size of the rocks there. They are very large, so the blue cell and the figures had to be very large. The rock on which the blue cell was resting is almost 10 feet long and three feet in height. It is a rock and not cement. The creatures in the photo were not rocks as others had suggested. As far as I can determine, the Wyman's river picture is authentic in all respects. We could not account for their time loss."

THE STORY: By Betty Jones to Canadian UFO Report:- (edited due to length). "On Sept. 2nd 1973, Irene, 35, and her husband Orval (Buzz) Wyman, 40, of Columbia Falls, Montana were on a return trip home from Orofino, Idaho, on highway 11. At Pierce, Idaho they took a gravel road leading to Superior, Montana. On the way they took a short cut, 20 miles shorter than the main gravel road. About halfway, Irene saw rock formations, for photographing. It was about 6.p.m. They stopped at north fork of the Clearwater river. She took a picture of the formations. Buzz noticed beautiful river scene and took a picture of that. They continued to Columbia Falls.

After development it was noticed that Buzz had photographed unusual objects--which they did not see when taking it. The more they examined the photo, the stranger it became. "Certain circumstances led me to obtain this photo," says Betty Jones, and we found the following:

On the river bank at the left side of the photo there is a bright blue object which I called 'the energy cell'. It appears almost transparent arch with a bluish tinge. (Irene said there were no power lines or telephone lines in the area). The "energy cell" is resting on a square rock which appears to have been manufactured, or cut that way, and inside the object, there are bright orange-tinted dots. The 'cell' is most obvious thing in the photo, but we noticed other unusual objects on the right-hand side, facing the blue object. They look like two, three or more small greyish-brown beings, more monkey-like than human looking, sitting on the rocks along the shore. At

first glance they look like rocks but though Irene was interested in the rock formations of that area, she does not remember any rocks resembling those figures. (These figures with their pointed ears and monkey-like faces remind me of the case of Norman Chastin, a railroad electrician from Jacksonville, Florida who saw a creature of the same description on Blount Island near the mouth of the St. John's River. Flashing orange and blue lights were involved.) The Wymans however, DO remember how much longer it took them to return home than expected. Despite all the shortcuts they knew about and times it takes it took them about 11 hours to reach home-4 hours more than they had expected.

Betty Jones asks a mountain of questions why this occurred. But one thing is for sure-it is a story they are not likely to forget for the rest of their lives-a mystery snapped by the camera, yet hidden by human eyes. Many such cases of cameras snapping what the eyes cannot see are on record. Here's hoping one day an explanation for this will be found. As far as CNK is concerned, the camera snapped a wavelength being used by the beings which robbed the light waves from human eyes. Therefore Irene and Buzz's scene should be for REAL!

WHERE IS THE NORTH POLE ?

Where, on the compass, do you think is NORTH? A strange question. Yes, but have you stopped to think about magnetism? As you know, NORTH REPELS NORTH, and SOUTH REPELS SOUTH. Go ahead, try it with any magnet! Why then, does the NORTH of the compass needle POINT NORTH? It should, if you have got your physics right-point SOUTH! Why should north, in this case, attract north. Surely the north pole is REALLY the SOUTH POLE, and vice-versa! Right? It IS a baffling enigma I agree, when I first encountered it. Mike Milton, one of CNK's staff landed me this problem a few nights ago. Engineers well versed in magnetism are now scratching their heads over it. Says Mike- "The man who invented the compass MUST have known about this?" so why then have we all be lied to at school? Well, as editor of a respected CNK, I suggested the answer really is that GEOGRAPHICALLY North IS north, and SOUTH IS south, etc., BUT MAGNETICALLY it is in REVERSE! That's what I think. But you must agree, like the hollow Earth theory, this is yet another strange mystery, for which there could, in this case, be an answer for. If anyone else has a better explanation, let us hear from you.- EDITOR .
